Authorized to work in the US — no sponsorship required.

SUMMARY

UX/UI designer with a background in architecture and urban design, bringing spatial thinking and systems analysis to digital products. Experienced across end-to-end UX — research, information architecture, interaction design, high-fidelity prototyping, and front-end implementation in HTML/CSS. Relocated from India to the US in 2022. Open to full-time UX, product, and UI designer roles.

CORE SKILLS

Design tools: Figma, Adobe XD, Miro, Photoshop, Illustrator, HTML, CSS

UX research: User interviews, usability testing, surveys, personas, journey mapping

Information architecture: Content audits, tree testing, card sorting, site mapping

Interaction design: Wireframing, task flows, prototyping

UX PROJECTS

AssistWell — Migraine Management App

UC Berkeley Extension · 2024

Lead UX Designer, team of 4 · iOS, Apple Watch, and web

- Led UX design on a 4-person team for an AI-supported migraine tracking experience; owned research synthesis, personas, journey mapping, and high-fidelity prototyping.
- Ran 3 rounds of usability testing, iterating the home screen to reduce cognitive load mid-migraine; designed and hand-coded a responsive marketing site in HTML/CSS.

San Francisco Public Library — Website IA Redesign

UC Berkeley Extension · 2024

UX Researcher and Designer, team of 3

- Led gap analysis and tree testing of the existing navigation, then facilitated card sorting to rebuild the IA around patrons' mental models.
- Lifted task success rates from 53% to 80–100% across previously failing tasks; delivered a revised sitemap, standardized labels, and a clickable prototype.

PlayStation VR2 — Content Strategy

UC Berkeley Extension · 2024

UX Designer (Content Strategy), team of 3

- Co-led a 94-page content audit of the PS VR2 support site, then independently analyzed audience segments and diagnosed redundant copy, inconsistent structure, and broken navigation.
- Proposed a direct in-ecosystem support route and smart-search taxonomy to keep users in PS VR2 support.

PROFESSIONAL EXPERIENCE

Freelance Interior Designer

Mumbai, India · 2021–2022

- Delivered residential projects end to end, leading client discovery sessions and translating needs into visual presentations and mockups; managed scope, budgets, and iterative feedback loops directly with clients.

Junior Architect — VSS Architects & Interior Designers

Mumbai, India · 2017–2019

- Refined design solutions through iterative stakeholder feedback; produced 3D models and construction documentation for a 10-person team and presented proposals to clients.

Architectural Intern — The Architect (Shirish Barve)

Jalgaon, India · Dec 2015–Apr 2016

- Contributed to concept development and spatial visualization across 4+ projects.

EDUCATION

Professional Program in UX Design — UC Berkeley Extension

2023–2025

UX Essentials, User Research, Prototyping, UI Design, IA and Content Strategy, Visual Design, Web Design

Master of Urban Design — Pillai College of Architecture, Mumbai University

2019–2021

Bachelor of Architecture — LTIADS, Mumbai University

2012–2017
